

2017

Campus Talent Acquisition

Summer Analyst
Global Investment Banking

CIBC Capital Markets

We provide integrated capital markets products, investment banking advisory services, corporate lending and top-ranked research to corporate, government and institutional clients around the world. We also deliver innovative banking solutions and investment products to CIBC's retail, wealth and business clients. Our goal is to be the leading Capital Markets franchise in Canada and the lead relationship bank for key clients globally.

Global Investment Banking

With offices located in Canada, the United States, Europe, Asia and Australia, our Global Investment Banking group provides equity and debt underwriting as well as corporate finance advisory services to corporations through a number of industry and product groups. Global Investment Banking also has professionals dedicated to advising clients on infrastructure and project finance and mergers and acquisitions. All groups are comprised of professionals ranging from Analysts to Managing Directors. There is an extensive amount of interaction between groups within the firm in order to provide clients with customized financing and advisory solutions.

How the Program Works

Our summer program provides successful candidates with the opportunity to gain experience in either one of our industry or product groups. Your experience will include:

- Orientation, including financial modeling training
- An assigned buddy (Analyst or Associate) and mentor (senior professional)
- Scheduled learning sessions throughout the summer
- Networking opportunities
- A formal evaluation process

Most importantly, Summer Analysts interested in pursuing a career with CIBC will be given consideration for full-time opportunities within an industry group or product group based on a combination of personal preferences and business needs.

Summer opportunities with our Global Investment Bank may include:

- Consumer, Industrials & Telecommunications
- Natural Resources
- Infrastructure & Power
- Financials
- Debt Capital Markets
- Equity Capital Markets
- Mergers & Acquisitions
- Technology & Innovation

Key Accountabilities/Activities

Summer Analysts will be expected to provide a broad range of analytical, research and presentation preparation support to all the professionals within their group. Typically, Summer Analysts are assigned to a variety of transactions and advisory projects such as mergers & acquisitions, divestitures, equity and debt financings, strategic advisory/alternatives projects and full capital structure solution projects. As part of a deal team you will gain exposure to working with individuals from various groups across the firm. A team approach to executing coverage and financing assignments is designed to provide progressive on the job training.

Requirements:

We are looking for highly motivated, accomplished and success oriented individuals who have a keen interest in pursuing a career in investment banking. It requires dedication, passion for the industry and a very solid work ethic. We are seeking Undergraduate students who are graduating in 2018 to join us as Summer Analysts in either an industry or product group. Prospective candidates should demonstrate the following:

- Enrollment in an undergraduate degree in Commerce/Mathematics/Engineering/Economics to be completed preferably by August 2018
- Knowledge of business, economics and/or financial markets acquired through education and/or experience
- Highly effective written and oral communication skills as well as excellent presentation skills and an ability to explain complex concepts
- Strong interest in and knowledge of financial markets
- A demonstrated proficiency in the assessment of unstructured business problems
- Superior technical, quantitative, computational and analytical skills (i.e. financial and data analysis)
- Strong orientation to excellence and a focus on results
- Excellent interpersonal skills, a proven ability to contribute to high performance teams and a demonstrated commitment to acting with integrity
- Ability to multi-task and meet the demands of a dynamic and fast-paced market environment
- Proven record of academic success, teamwork and extracurricular activities
- Strong fit with CIBC's culture of excellence
- Must be legally eligible to work in Canada at the location(s) specified below and, where applicable, must have a valid work permit or study permit that allows the candidate to fulfill the requirements of the role

Opportunities for Students

We have openings in Toronto, Montreal, Calgary and Vancouver.

CIBC thanks all applicants for their interest however only those selected for an interview will be contacted.
